Student / Intern / Industrial Visit Management Workflow

1. Dashboard

Displays KPI cards (Total Students, Active Interns, Upcoming Visits, Pending Approvals, Completed Programs, Feedback Pending) with charts for registrations, internships, visits and feedback.

2. Student Registration

Register students for Internship, Industrial Visit, Project Training or Student Visit. Capture personal details, program details and upload documents.

3. Application Review

HR reviews applications, verifies documents and Approves, Rejects or Requests Changes.

4. Industrial Visit Management

Schedule visits, assign coordinators, manage colleges, faculty, students, agendas, attendance and reports.

5. Internship Onboarding

Create intern profile, assign department, mentor, assets, generate offer letter, NDA, ID card and complete joining formalities.

6. Internship Tracking

Track attendance, daily logs, weekly reports, assigned tasks, mentor evaluations and performance.

7. Feedback Collection

Collect feedback from students and mentors, analyze ratings and suggestions.

8. Exit Formalities

Handle asset return, exit interview, clearance and generate certificates/completion letters.

9. Visitor Communication

Manage emails, SMS, WhatsApp notifications, reminders and communication history.

10. Social Media Engagement

Upload galleries and monitor engagement metrics for events and visits.

11. Reports & Analytics

Generate filtered reports, dashboards and export to PDF/Excel.

Overall Workflow

Dashboard → Student Registration → Application Review → Approval → Industrial Visit/Internship Management → Attendance & Tracking → Feedback → Exit Formalities → Communication → Reports & Analytics.
